

**Student Fellowship and Scholarship Administered by
the American Society for Engineering Education (ASEE)
(www.asee.org)**

The National Science Foundation's Graduate Research Fellowship Program 2007-2008 Competition is open for applications. This fellowship program provides students with three years of financial support including a \$30,000 annual stipend and \$10,500 cost-of-education allowance. U.S. citizens, nationals, or permanent residents at or near the beginning of research-based graduate studies in the Chemistry, Computer and Information Science and Engineering, Engineering, Geosciences, Life Sciences, Mathematical Sciences, Physics and Astronomy, Psychology, and Social Sciences fields are eligible to apply. For additional information and deadlines, please go to <https://www.fastlane.nsf.gov/grfp/>

The National Defense Science and Engineering Graduate Fellowship Program (NDSEG) Sponsored by the Department of Defense, this fellowship program is intended for U.S. citizens at or near the beginning of their graduate studies in science and/or engineering programs. The fellowships are for three year tenures and provide an annual stipend of over \$30,000. Full tuition and fees and a health insurance allowance are included as part of the program. For additional information, please go to <http://www.asee.org/ndseg>

Science, Mathematics and Research for Transformation (SMART) Defense Scholarship for Service Program

This Department of Defense Program is open to undergraduate and graduate students studying in the Science, Mathematics and Engineering fields and provides an annual salary, full tuition, and other normal educational expenses including health insurance and a book allowance. Applicants must be U.S. citizens or nationals, and at least 18 years of age. There is an employment obligation to Department of Defense with this education program. For additional information, please go to <http://www.asee.org/smart>
