## PhysCon Fundraising Tip #8

### *Teach-a-thon*

**Recommended for:** Any size school with an active tutoring schedule, no upfront cost

**Category:** Tutoring

**Potential funds raised:** \$720/semester

#### **Brief Description:**

Some chapters offer free tutoring services Monday-Thursday each week for a few hours, for example 6-8pm. After 8pm, students can make a donation to the chapter (\$10 for 20 minutes or \$20 for an hour) for additional tutoring help. This also works well during finals week.

#### **Up-front Cost:**

None. Just secure a room you can use in the evening all semester/quarter.

#### **Revenue:**

If 4 students get help for 1 hour each week, that could earn the chapter \$720 per 9-week course
