

# Thank You

for your continued dedication to AIP's student programs. Your contributions go directly to fostering the talents and careers of America's next generation of physicists, scientists, researchers, and professionals in the physical sciences. Sigma Pi Sigma and the Society of Physics Students connect students to a world outside of their classrooms and colleges, broadening their perspectives on what they can achieve. By supporting our programs you are investing in the future of our society. Thank you for your support in 2015! Donate now at [donate.aip.org](http://donate.aip.org).
